THESIS

Green Synthesis of TiO_2 Nanoparticles for Functional Enhancement of Cotton Fabric.

In this thesis work -
- **Green Synthesis:** Synthesized TiO_2NPs using *Moringa* Stenopetala extract for sustainable fabric modification.
- **Fabric Coating:** Applied nanoparticles to 100% cotton via pad-dry-cure method to enhance performance.
- **Technical Analysis:** Verified anti-microbial and UV-protective properties using XRD, FESEM and FTIR

TECHNICAL PROJECTS

Design and Development of Various Web Applications
- **GitHub Issue Tracker :** Developed a React-based bug tracking system using **Dynamic Filtering**.
- **Job Application Tracker :** Designed an interactive job portal focusing on **Component Architecture.**
- **English Janala :** Developed an educational web tool for language learning using **DOM Manipulation**.
